SANCTUARY

The sanctuary was newly built in 2005 and will seat up to 300 guests. There are five aisles, including a center aisle. The spacious platform will easily accommodate wedding parties and decorations. You may provide a minister or request an in-house licensed minister to perform the ceremony.

An additional \$150 deposit must be made to reserve the facility and will be refunded to you when everything has been returned to its proper place. This includes, but is not limited to instruments, chairs, pulpit, etc.

We will provide a Facilities Coordinator to help you with all of your needs before, during, and after the wedding. The Facilities Coordinator will point out how to restore the sanctuary to its proper state.
